REPORT ON TRADITIONAL DAY

Traditional day designated for all to come in traditional attire from their home state, or specific culture of their choice. Everyone at the college came dressed in their best ethnic attires. Our college celebrated the Traditional Day to promote "Unity in diversity" which is based on the concept where the individual or social differences in physical attributes, skin colour, castes, creed, cultural and religious practices, etc. are not looked upon as a conflict. Rather, these differences are looked upon as varieties that enrich the society and the nation as a whole. Traditional Day was held on the March 16th, 2023. It was an eventful day. It was observed as a celebration of India's diverse culture. It's a day designated for people to come in traditional attire from their home state, or specific culture of their choice. Students were completely in their high traditional competitive spirit. Their inner creativity and potentialities were driven through these traditional competitions. Group day celebration has its relevance because of the fact of togetherness and unity. It brings all our students, faculties, management together. Students learn different cultures, understand various festivals, interact with everyone and moreover respect the values.
