LIBRARY ORIENTATION PROGRAMME

The library of the college offers an orientation programme for the new entrants at the beginning of every academic year. Through this programme, an effort was made to familiarize every new number with resources, services, facilities, library rules and regulations, etc., offered by the library and its use policies.

Objectives:-

- This programme attempts to familiarise new members with library resources, services, and policies so that they can make extensive use of library services.
- To aid library patrons in feeling comfortable and confident in the library's staff's abilities.
- To enable library users to become adept at locating information, fostering a sense of confidence and autonomy.
- A sound library guidance system helps to give a library a friendly, welcoming atmosphere and promote its image as a well-organized, efficient place.
- It makes library users aware of the library services it offers. Library orientation educates people regarding the general use of the library.

REPROGRAPHIC FACILITY IN THE LIBRARY

- The introduction of photocopying services has assisted the library in its efforts to provide better services to library patrons and ensuring that they have improved access to library materials.
- Users of the library have easy access to photocopiers, allowing them to replicate the necessary content from books and periodicals.
- Photocopying is a method for creating copies of necessary items from books, journals, newspapers, and other sources.
- The practice is a precious aid to library users.
